Scores for the semi-final games follow: Seniors, 11, 2; sophomores, 15, 15; freshmen, 11, 5; juniors, 15, 15.

**"LEGION OF DEATH" SCORES HIT**  
M. A. C. Co-Eds Drill to Inspire Much-Defeated Football Team.

By Associated Press  
EAST LANSING, Mich., Dec. 20.—Co-eds of Michigan Agricultural College watched their gridiron acquaintances play football and get walloped so often this fall that they found it necessary at last to do something real thrilling.

When the Aggies lost the first games to state college teams which they used to sneeze at, the young women students sat up and took notice.

When the season progressed and Brewer's men continued their remarkably unique record of no victories,

the co-eds decided that somebody had to stir these gentlemen up a bit.

For more than a week before the Syracuse game, the girls went into secret session each day. Then came Syracuse—and the surprise.

Between halves, two score co-eds, led by officers of the cadet regiment, marched on to the field and gave a splendid drill. When their work was completed, they swung under a large service flag which contained 490 stars, the total of M. A. C. men who are serving their country. The band played "The Star Spangled Banner" and the thrilled crowd stood at attention.

The spectacle nerved the Aggie football men. The green eleven went out on the frozen gridiron and, although outweighed fifteen pounds to the man, fought Syracuse almost to a standstill. The final score was 21 to 7, in favor of the Easterners, but two of the Syracuse touchdowns were the result of spectacular runs.

The debut of the "Legion of Death" was a glorious success.

## Former Student Studies Under Carrell.

Lieutenant Fred Wrightman, M. R. C., who finished his work in the School of Medicine in the University in 1915, is now, stationed at Camp Meade, Annapolis Junction, Md. Before going to camp he was sent to the Rockefeller Institute, where he worked under Dr. Alexis Carrell, the noted surgeon. Lieutenant Wrightman went to Washington University, St. Louis, after completing his course here. From there he went to Sabetha, Kan., where he volunteered his services in the Medical Reserve Corps.
